Principal's Address

I would like to start by saying thank you to all the students in the Communication and Media class who worked diligently on producing this yearbook. It is a magnificent book that captures so many of our wonderful events this year. A BIG thanks also to Mr. Ceilin for all his dedicated work to produce our yearbook this year. We appreciate it so much!

As you look through this book, I know you will be reminded about what a great school Edith Rogers is. Indeed, in a few years from now, when you browse these pages again, you will be filled with fond memories of your time at our school. As I look through the yearbook, I feel privileged to be the principal of a school filled with outstanding students and dedicated staff. Together, we have accomplished so much this year. Many of you gave back to the school in service areas; worked diligently on your academics to achieve great results; participated in team sports; and contributed positively to our school environment on a daily basis.

This is the time of the year when we say farewell to our departing Grade 9 students. Do you remember, Grade 9s, those first few days in September of your grade 7 year? I do! You were all so much smaller then! And you were filled with excitement and apprehension about your new school. I have watched you grow over the last three years into mature, responsible young men and women. I will miss each one of you tremendously. I wish you the best of luck in your chosen high schools. You are well-prepared for the next steps on your educational path. Remember to be in charge of your own learning; ask questions; be curious; and get involved in your new schools. By doing this, high school will be a rewarding experience.

To our ER staff and students, I am confident that you will find within the pages of this yearbook many photos that will will remind you of the most excellent time we have enjoyed this year. I hope everyone has a wonderful and restful summer break!

Valedictorian 2013-2014

Kajal Dhaneshwari

Excerpt from Kajal's speech:

"I am absolutely honored to be standing here to represent the graduating class of 2014.

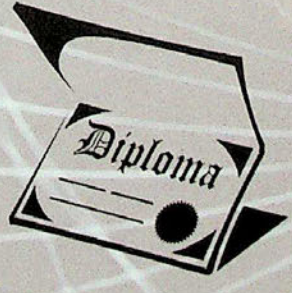
Farewell is the time to reflect on the past and look forward to the future. It almost seems like a dream ! Remember in grade 7 when we first arrived here. We were worried about little things that make us laugh today? Like remembering our combinations ! Then in grade 8, our teachers called us matured! And finally, today we are called young ladies and gentlemen - and we are.

Firstly, the credit of our success goes to our parents. They are the ones who sacrificed and compromised to help us reach for the sky; Secondly, our gratitude goes to the teachers - they were a major part of our success! They helped us tremendously to reach a level of perfection. They taught us how to accept failure gracefully to get a real taste of success; moreover, making our school life - academically, a piece of cake. Lastly, we are all grateful to our friends, who were always by our side regardless of what the situation was. They were there as a shoulder to cry on, as a shield to protect us in bad times, as a clown to make us laugh when we were having one of those unpleasant days at school, as a Drama Queen or a King during any one of our many crises.

Yes-- we have been through so much together. We have changed and grown together. But no matter what, we were always shoulder to shoulder, synergizing to spread happiness and be happy ourselves.

During this beautiful journey at Junior High, ever-lasting memories were made and one of the major chapters of our lives is coming to a close. This is the time when we celebrate and recall all those memories for one last hurrah-- together-- before we pick up pens and pencils and begin to write the next bigger and very adventurous chapter of our lives.

Thank you. And I wish you all success !!



A memory lasts forever, never will it die... true friends stay together and never say goodbye...
